APPROVED FOR RELEASE
DATE 6 Nov 76

6. [redacted] asked for [redacted] personal opinion of the UFO phenomenon. He was told that 99 percent of these occurrences were traceable to either natural or man-made phenomena such as celestial movement, aircraft or artificial satellites, and that the other one percent cannot be explained--possibly an hallucination. [redacted] then asked, "Do you think it is possible...could there be something coming from outer space?"
